

Job Offer : NFTs news content writer / journalist (Freelance - Long term - Regular work)

About the Company :

We're currently the biggest NFTs News website in monthly visitors.

We are dedicated to supporting mainstream NFT adoption by making content fun & accessible: Learn everything about non-fungible tokens, including top NFT collectibles and the best Blockchain games.

Our team is fully remote and works from anywhere in the world.

About the Project :

We're looking to hire multiple freelance writers for our NFT-focused website

Writers will have the opportunity to write on Short News articles and/or longer articles on specific collectibles / Games / projects within the NFT industry

Responsibilities :

- Write up short-form articles around NFTs news & industry – (300 and 500 words)
- Write up Long-form articles on specific projects – (1000-2000 words)
- Fully formatted into Wordpress
- Following guidelines provided (Guide)
- On average, each article should take between 30min and 1 hour

Requirements :

- English native speaker
- Very Strong interest for NFTs projects (Digital art / gaming / music / collectibles) and NFT technologies
- Huge appetite for reading / curating content around the NFTs industry
- Ability to work independently and in a fully remote team environment
- Long-term work with a minimum of 10 articles per week assigned to write

Payment :

\$25 is the rate per 500 words article.

Accepting proposals worldwide and can pay in any currency.

Please start your application by telling us which newsletter you read / artists you like / twitter accounts you follow etc to show us your interest in NFTs.

To Apply : send an email to yolo@nftevening.com and jem@nftevening.com with the subject of the email being "*NFTevening – Writer application*".

Please introduce yourself, link your portfolio or previous work and answer the following questions:

- How many hours are you available per week?
- Where do you read content around NFTs (specify twitter accounts if any)?
- What's your favourite NFT collection, have you spent time in any metaverse?
